Center for Drug Evaluation and Research Office of Regulatory Policy Division of Information Disclosure Policy 5600 Fishers Lane, HFD-13 Rockville, Maryland 20857

June 1, 2005

In Response Refer to File:

F05-06015

Ellen Liversidge 8722 Manchester Rd #1 Silver Spring, MD 20901

Dear Ms. Liversidge:

This is in response to your letter of 4/08/05 in which you requested adverse event reports associated with the use of Zyprexa. Your request was received in the Center for Drug Evaluation and Research on 4/29/05.

I have attached a summary of all adverse events that have been reported since November 1, 1997 to CDER's Office of Drug Safety for this/these drug(s). The number following each listed adverse event represents the number of such events reported to CDER for the specified drug. Also, following each listed adverse event is the percentage of the total reported adverse events that a specific adverse event represents. This summary may include duplicate reports (e.g., more than one report submitted) and/or multiple adverse events for the same individual.

A more detailed report for these adverse events is available at a charge of \$55.00 per drug. In addition to the listing of the adverse event(s), the detailed report includes the age and sex of the patient, other medications being taken by the patient, the form and the dose taken, and the date the FDA received the report of the adverse event. We are unable to customize searches for specific adverse events.

To obtain a more detailed report, we will need to receive a letter declaring your commitment to the pay of \$55.00 fee per drug by July 01, 2005. If we do not receive a written payment commitment within the specified time frame, your request will be closed.

Otherwise, your letter committing to pay the fee must include the File Number located at the top of this letter and send to:

Food and Drug Administration Office of Management Programs Division of Freedom of Information (HFI-35) 5600 Fishers Lane Rockville, MD 20857 Requests may also be sent via fax to (301) 443-1726. If there are problems sending a fax, call (301) 443-2414. Please do not submit any payment with your letter. You will be billed for the detailed report(s) at a later date.

If you have any questions regarding this response, please notify us in writing, citing the File Number above.

Sincerely, Harold D. Stepper

Paralegal Specialist
Office of Regulatory Policy
Division of Information Disclosure Policy, HFD-13

### Adverse Event Reporting System (AERS)

### Freedom Of Information (FOI) Report
